

Hypoglycemia Screening Tool for Patients who have had Bariatric Surgery

- Have you experienced any of the following signs/symptoms of low blood sugar? If yes, how often?
Examples are:

Shakiness or Dizziness

Sweatiness

Upset or nervousness

Headaches

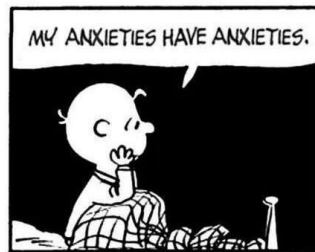

Blurry vision

Sudden Fatigue

Memory loss or
mild confusion

Anxiety

Fainting

- If you have had any of the symptoms listed above, have you been incapacitated or required assistance?
- Have you had any accidents, such as those listed below, in the past year?
 - Falls
 - Broken bones
 - Emergency room visits
 - Hospital stays
 - Motor vehicle accidents
- Do you go longer than 4-6 hours without eating?

If you have answered yes to any of the questions above, please contact Reliant Medical Group Nutrition department at 508-852-6175 and ask to speak to one of the bariatric dietitians.
